ALPHA
BEACH RESORT

THE NEW WONDER OF NORTH CYPRUS

An aerial architectural rendering of the Aloha Beach Resort. The resort is situated on a lush green peninsula overlooking the Mediterranean Sea. The development is divided into two main phases. Phase 1, on the left, features several long, multi-story apartment buildings with balconies, interspersed with swimming pools and landscaped gardens. Phase 2, on the right, consists of a large, curved residential complex with a mix of unit types, including villas with terraces and smaller units. The resort is surrounded by dense greenery, including palm trees and various shrubs. A tennis court is visible in the center-right area. The background shows the deep blue sea with a few sailboats and a small island in the distance.

An exclusive beachfront lifestyle awaits you at
Aloha Beach Resort

Aloha Beach Resort offers a variety of property types in two Phases. With a total of 443 units built with highest standards and workmanship, the numerous amenities it has to offer, its prime location with scenic views of the Mediterranean Sea and Five Finger Mountains, it comes as no surprise why it is the new wonder of North Cyprus.

PHASE I

Comprised of 289 units, Phase I, offers 1+1 and alternative 2+1, 3+1, 4+1 apartments, unique & modern villas and a stunning villa designed with a boutique hotel concept.
